

The Chinese Education Conference

The Chinese Education Conference (CEC) is the largest K-16 national conference dedicated to promoting Chinese education in the United States. CEC provides:

- Best practices and hands-on teaching methods
- Innovative technology tools and essential resources
- Networking opportunities for administrators and teachers

Annually, the CEC brings together a national audience of over 500 teachers, administrators, and community leaders to learn and share the latest information in program development, teaching methodologies, technology, and much more. Attendees will broaden their vision of Chinese education and realize opportunities to develop effective programs.

CEC topic areas include:

- Curriculum & Assessment
- Instructional Strategies & Resources
- Classroom Technologies
- Cultural Integration
- Immersion Programs
- Foreign Language Programs
- Enrichment Programs
- Teacher Preparation & Development
